ORION BELT

ORION BELT

135401	WH	vertically mounted LEDs 3/4" on center, encapsulated in flexible UV stabilized PVC, for indoor and outdoor use, 24VDC 1.5W per ft. (blue, green, and white), 1.0W per ft. (red and amber)
135401-1	WW	
135402	BL	
135403	GR	
135404	RD	
135405	AM	

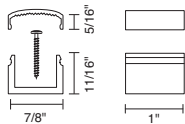

MOUNTING CHANNEL

135912	8' section
135912-1	4' section

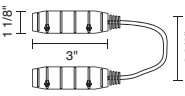

MOUNTING CLIP

135914	translucent plastic
---------------	---------------------

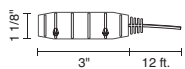

FLEXIBLE CONNECTOR

135915	translucent plastic	suitable for outdoor use
---------------	---------------------	--------------------------

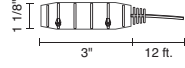

POWER FEED I

135910	translucent plastic	includes 12 ft. of cord for DC driver attachment, suitable for outdoor use
---------------	---------------------	----------------------------------------------------------------------------

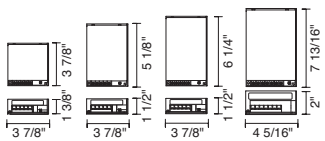

POWER FEED II

135911	translucent plastic	with integral AC/DC converter for dimming with AC transformer, includes 12 ft. of cord for AC transformer attachment, suitable for outdoor use
---------------	---------------------	------------------------------------------------------------------------------------------------------------------------------------------------

DRIVER

70436	20W driver	for LEDs
70435	25W dimmeable driver	
70437	40W driver	
70438	96W driver	

TRANSFORMER

70424	100W dimmeable transformer	AC transformer for LEDs, for use with 135911
